

When You See Those Flying Saucers

Charles Green, 1947

(G) You'd better pray to the (G7) Lord when you (C) see
those flying (G) saucers

It may be the coming (A7) of the Judgment (D) Day

It's a (G) sign, there's no (G7) doubt, of the (C) trouble
that's a(G)bout

So I say my friends you'd (D) better start to (G) pray

(C) They're a terrifying sight as they (G) fly on day and
night

It's a warning that we'd (A7) better mend our (D) ways

(G) You'd better pray to the (G7) Lord when you (C) see
those flying (G) saucers

It may be the coming (D) of the Judgment (G) Day!

Instrumental

(G) Some people think the saucers might be (A7)

someone's foolish dreams

Or (D) maybe they were sent down here from (G) Mars

But if you'll just stop and (G7) think, you'll rea(A7)lize just
what it means

They're (D) more than atom bombs or falling (G) stars.

(G) And though the war may be (G7) through, there's
un(C)rest and trouble (G) brewin'

And those flying saucers (A7) may be just a (D) sign

(G) That if peace doesn't (G7) come, it will be (C) the end

of (G) some

So repent today, you're (D) running out of (G) time.

(C) When you see a saucer fly like a (G) comet through
the sky

You should realize the (A7) price you'll have to (D) pay

(G) You'd better pray to the (G7) Lord when you (C) see
those flying (G) saucers

It may be the coming (D) of the Judgment (G) Day!
